WAR CLOUDS.

Gather in the Vicinity of Canea, Crete.

SITUATION VERY GRAVE.

Canadian Parliament Buildings Burned—Another Patriotic.

JACKSON AND WALLING MUST HANG.

London, Feb. 12.—A dispatch to the "Times" from Canea says that the latest telegram from Sita reports thirteen villages now in flames. Christians are killing the Mohammedan inhabitants. Those who have succeeded in escaping from the scene of the massacres are flocking to Sita, which is still in possession of Turks. It is feared that this news will produce a dangerous reaction at Heraklion. It is probable that the persistence of the Mohammedans in preventing the departure of Christians and foreigners will make necessary active measures on the part of the commanders of the foreign fleet. An Italian officer of the new gunboats has gone to Kisami to investigate the reports of the atrocities there. The Italian battleship Francesco Morosini has arrived at the Canea harbor.

A dispatch from Constantinople says that a special Cabinet Council is now sitting at Yildiz palace for the purpose of discussing the situation in Crete.

A dispatch to the Times from Vienna says that it is stated that Austria will remonstrate with Greece against the dispatch of a torpedo flotilla to Canea under the command of Prince George.

The papers this morning are full of long telegrams from European capitals and editorials dealing with the gravity of the situation in Crete and expressing fears of a war between Turkey and Greece.

Warships of all the powers are gathering at Canea and the situation is exceedingly grave. It seems altogether probable there will be a test of strength between the powers at an early date. The situation is exceedingly grave, and only the finest diplomacy will be able to prevent a clash between the powers.

AS VIEWED IN LONDON.

The Departure of the Greek Flotilla a Serious Matter.

London, Feb. 12.—The "Pall Mall Gazette" this afternoon says there is reason to believe that the government of Great Britain regards the dispatch of the Greek flotilla to Canea as a very serious matter, and as likely to involve the gravest consequences, adding:

"No intimation of the intentions of Greece was conveyed to any of the powers, and the preparations to carry them into effect were carefully kept secret."

"It may be confidently expected that the Marquis of Salisbury will adopt a very firm attitude, and that immediate and vigorous steps will be taken to neutralize the effect of Greece's action."

ENTHUSIASTIC GREEKS

Display Anxiety to Measure Swords with Turkey.

Athens, Feb. 12.—A fresh flotilla of four torpedo boats is held in readiness to sail for Crete, and reinforcements of troops are being hurriedly dispatched to the frontiers.

The departure of Prince George with the first torpedo flotilla has aroused the greatest enthusiasm in the provinces, as well as in this city. Patriotic demonstrations are taking place in all parts of Greece.

The Chamber has voted half a million drachmas to aid the Cretan refugees.

The fighting at Kissamo, where the Mohammedan inhabitants were besieged in their houses for several days, was desperate. Thirty Christians and one hundred Mohammedans were killed, and fighting, it is reported, is still proceeding about the convent of Chrysopygii, near Canea.

The insurgent leaders have now assembled for a conference, and it is understood that a constitution and a provisional government will shortly be promulgated.

Canadian Parliament Buildings Burned.

Ottawa, Canada, Feb. 12.—The buildings occupied by the Canadian Parliament were burned this morning, entailing a loss of \$300,000 dollars on the government.

Wife of Ex-Speaker Moore Dead. Cynthia, Feb. 12.—Mrs. Moore, wife of ex-Speaker Moore, of the House of Representatives of Kentucky, died this morning.

THE DEFENDANT.

Wins the Celebrated Boatright Case.

THIS WAS THE THIRD TRIAL.

Other Doings in the Circuit Court Today.

DIVORCE SUIT FILED.

The case of Mrs. Fannie Boatright against the Paducah Electric Company for \$5,000 damages was decided for the third time this morning. The defendants won.

The suit was brought about a year ago, the plaintiff alleging that her house on North Third street had been irreparably injured by the jarring and concussion produced by the incessant motion of the machinery. She claimed that from the causes advanced above, the walls of her residence had cracked, the family was unable to sleep at night on account of the noise and vibration, and that the value of the property had been greatly decreased. The suit was something of a novelty, and attracted considerable attention at the time of its filing. At the first trial the jury brought in a verdict for \$500 in favor of the defendant.

A new trial was granted the defense and they won the second inquest. The third trial began over a week ago, and the case was argued yesterday and given to the jury this morning. After being out but a short time it returned a verdict for the defendants.

It is not known whether a motion for a new trial will be made in the Boatright case or not.

The case of Della Courtney against James Killgrew for \$5,000 for breach of promise was continued until the next term of the circuit court.

The case of C. M. Green against R. G. Wilkins was settled.

The case of Z. Simmerville, of Graves county, against the Anderson & Harris Buggy Company is on trial this afternoon.

Deputy Clerk Will Kidd is on the sick list and was unable to be at his post of duty today.

Ella Fuvall, colored, filed suit against her husband, James Storah, for divorce this afternoon. They were married at Metropolis in 1894, and he deserted her ten months later.

The case of Jack Calloway against a local A. P. A. council for damages was continued until the next term of court.

The case of Dr. I. W. Pendley against B. C. Bolton was also continued.

The case of W. H. Byrd against the Paducah Electric Company was continued.

NO BLOCKADE RUNNER.

Bad Weather Interferes with Proposed Maneuvers at Charleston.

Charleston, S. C., Feb. 12.—The weather today was not propitious for the vessels of the blockade fleet, though it suited admirably the purposes of a blockade runner. No fog of a blockade runner. No fog of a blockade runner.

The arrival of the other vessels which have been ordered to join the fleet is being looked forward to with eagerness. Particularly so the dynamite cruiser, Vesuvius, which is to run the blockade. The monitor Amphitrite came up to the city at noon and took a position in the stream off the custom house.

Last night's work on board the fleet consisted of search light drills target practice. The battle ship Maine and the cruisers New York, Columbia and Marblehead took part in the drills. The search lights were flashed across the sea and every corner and cranny of the surrounding shore was explored with their rays. The target practice was with 8-inch and 4-inch guns.

POSTMASTER GENERAL WILSON

Elected President of Washington and Lee University.

Lexington, Va., Feb. 12.—The Board of Trustees of Washington and Lee University today unanimously elected Hon. William L. Wilson, Postmaster General, president of the university in place of Gen. G. W. C. Lee, who recently resigned. It is well understood that Mr. Wilson will accept the position and will enter upon the duties of his office on the first day of next July.

Funeral of Mrs. R. C. Watkins

Hopkinsville, Ky., Feb. 11.—The body of Mrs. R. C. Watkins, who died in Paducah, arrived here at noon today and will be buried in Hopewell Cemetery at 10 o'clock tomorrow morning. Deceased was the daughter of the late W. A. Lowry, a prominent tobacco broker, who died about a year ago, leaving his only daughter a fortune of \$40,000.

Retired Merchant Hangs Himself.

Easton, Pa., Feb. 12.—Andrew Pickett, the wealthiest retired merchant in the state of Pennsylvania, hanged himself last night, his dead body being discovered this morning. Why he should have committed the deed is not known except that he was not in good health.

POLICE NEWS.

Irate Husband After a Solicitor.

JUDGE SANDERS' DECISION

Will Gaynor and His Partner Indicted For Murder.

OTHER BRIEF LOCAL NOTICES.

Itinerant solicitors for newspapers should not get too gay, not in a strange city at least. They might get hurt.

According to reports one was greatly in demand last night. He called at a gentleman's residence on Jackson street yesterday, if the story is true, and in his ardor to give a paper away that is hard to get rid of, even on those terms, he said something to the lady that she construed as an insult.

Last night her husband was out looking for the solicitor, but couldn't find him. Thus a sensation collapsed.

Judge Sanders rendered an important decision in the police court this morning. Mr. H. W. Rottgering, the well known dairyman, was presented on a charge of running over Mrs. Catherine Gallagher's 4-year-old daughter.

The evidence showed that while near Second and Clark streets yesterday afternoon, Mr. Rottgering, in turning around, inadvertently ran his horses against the child, and she was knocked down and rendered unconscious. She had four cuts on her head and one on her arm. The charge of reckless driving was not sustained, as the horses were walking when the accident occurred, and the driver could not see the child.

Judge Sanders stated in his decision that while the accident was to be deplored, the child had no business playing in the streets, as the streets were no place to play. He dismissed the warrant.

A case against Bob Smith, colored, of the City of Sheffield, was called in Judge Sanders' court this morning, but Smith not having been arrested a continuance was ordered. Smith is charged with assaulting a deck hand named Bell.

Judge Given, at Henderson, yesterday rendered a decision in the police court there, deciding that the stock law was valid. This law is similar to the one here known as the "cow ordinance," and Judge Sanders' decision was exactly like that of Judge Given. The case here is now pending in the police court.

Mr. Martin Vogt says he was not driving Mr. Jake Seamon's delivery wagon the day Mr. A. D. Dodd was run over. Mr. Vogt's name was in the account of the suit in yesterday's Sun because Mr. Dodd charges in his petition that Mr. Vogt was driving. The mistake is Mr. Dodd's.

This afternoon the eight tramps sentenced to thirty days on the chain gang for vagrancy were taken out on Broadway near Fifth street, by Overseer Francis. It was about three minutes until four had given leg bail, and were far away before the other prisoners realized what had happened.

Later two other tramps jumped on a street car and were soon safe from arrest.

Robert Linn, according to a report brought over from Brooklyn, is in jail at Metropolis on a charge of disposing of wheat, corn, etc., belonging to Oliver Allard, without the latter's will or consent. Allard preferred the charges a day or two ago, and Linn has not been able to give bond.

Will Gaynor, who was arrested here a few weeks ago for the murder of a druggist in Indiana, has been indicted together with his companion in crime, Gray, at Greencastle, Ind., the county seat, and according to an account in the Courier-Journal there is great excitement among the people, with danger of being lynched.

A well known young man who allowed his hirsute endowment to grow too long was inveigled into a Broadway tailor shop this morning, where a couple of friends held him while another cut his hair. It was not as smooth a job as might have been done, but it answered the purpose.

DEATH AT LAST.

County Judge C. H. Thomas Finally Succumbs.

DIED AT 5 P. M. YESTERDAY.

Was 50 Years of Age and a Well-Known and Respected Gentleman.

FUNERAL TOMORROW MORNING AT 10.

County Judge Charles H. Thomas breathed his last at 5 o'clock yesterday afternoon, surrounded by family and relatives.

His death ended two years of almost incessant suffering, but took from the city one of her best citizens, and from the county one of her most faithful servants.

Judge Thomas had been confined to his bed for two months, and during the last few days life was despaired of. The fatal malady was a complicated lung and stomach trouble, which had been more or less manifest for several years past.

The deceased was born in 1847 in Ballard county and was educated in Lovelaceville and Milburn, afterwards reading law in the Kentucky University. He also studied law under Hon. Tom Corbett, now of Oklahoma, who then resided at Ballardville, being admitted to the bar in 1869. He was police judge of Ballardville about 1873, where he first gained the title of judge. In 1874 he was elected to the county attorney of Ballard, and in 1880 was elected commonwealth's attorney for the First Judicial district, which at that time was composed of the eight lower counties. For this position he defeated the Hon. W. M. Reed, of Benton, and Hon. Bernard Neale, of Mayfield.

In 1880 Judge Thomas moved his family to Paducah, and six years later Mr. Sam Crossland, of Mayfield, defeated him and Hon. John K. Hendrick for the attorneyship.

Judge Thomas was subsequently elected police judge and city prosecuting attorney for one term.

In 1876 he was married in Louisville to Miss Elizabeth Taylor, who, with three children, survives him. He leaves a number of other relatives.

The deceased was in 1893 elected county judge, and his term would have expired in November.

Judge Thomas was a self-made man, and an energetic one. He was one of the most remarkable campaigners in the state, and leaves many friends who were faithful to him to the last.

Judge Thomas was a most energetic and active man, and withstood the ravages of disease with remarkable fortitude. Only a few days ago he dictated a circular to the voters, and even when his breath had almost deserted him he gave a list of those to whom he desired the circulars mailed.

While he realized the seriousness of his condition, he nevertheless clung to life tenaciously, and died bravely.

The funeral will take place from the First Christian church tomorrow morning at 10 o'clock, services by Rev. W. H. Pinkerton. The burial will be at Oak Grove under the auspices of the Masonic fraternity, of which he was a member.

The members of the Paducah bar will meet in Major Moss' office at 9 o'clock tomorrow morning to take some action over the death of Judge Thomas. All are requested to attend.

HORSES FOR WEYLER'S ARMY

Several Thousand to Be Purchased by Senator Utiel in Texas.

Fort Worth, Texas, Feb. 12.—Senator Utiel, of Barcelona, Spain, has been in western Texas for some weeks past purchasing horses for the Spanish army. His last purchase was that of 500 head at San Angelo, making his total purchases to date 3,500 head. These horses are shipped to New Orleans, thence to Havana. Mr. Utiel expects to buy some 5,000 additional horses should the war be continued any length of time. He is also authority for the statement that the supply of fresh meat for the Spanish army in Cuba is growing scarce, and that the outlook is now good for Spain to be forced to come to Texas for her meat supply for the Cuban army.

SHIFTLESS VAGS.

Seven Get Thirty Days On the "Gang."

THEY HAD EXCUSES ALL.

But Judge Sanders Has Decided To Be Lenient No More.

THREE PLAIN DRUNKS TODAY.

This was "hobo day" in the great diurnal exposition of police court wonders.

Judge Sanders said he had been reading up on the genus tramp, and as a result the chain gang is materially increased now.

Frank Wilson, Charles Jones, John Meyers, Harry Prince, Dave Nicholas, Steve Walsh, Mike Manus, John McCabe, Frank Barton, Bob Wade and Ed Logan.

McCabe, of Kansas City, arose and with a weary smile said he was ill. "I have been unable to eat anything for two weeks," he said.

"I guess maybe it was because you have not had a chance," laughed Prosecutor Reeves.

All the three Fournies had excuses. In fact they could boast of the possession of little else than excuses. "We want work, but can't get it," was their unanimous cry.

"I'll give you a job," Judge Sanders replied, and all but four were sentenced to thirty days on the chain gang. Among these lucky four was McCabe, who could not eat.

J. H. Toon, of Mayfield, was charged with drunkenness. Toon sells beer by the wholesale at Mayfield, and indignantly denies the statement in a contemporary that he operates a "blind tiger."

J. W. Blakeman, a farmer of Britt's Landing, Tenn., was also fined for drunkenness. Chas. Massey, for a similar offense, was fined a similar amount. All three of these misguided imbibers were arrested by Officers Eaker and Orr last night.

DESPERATE EFFORTS

To Save Arthur Duestrow's Neck. Will Fail.

Jefferson City, Mo., Feb. 12.—The Supreme Court on Monday overruled the motion filed Tuesday by Duestrow's attorneys for an order on division No. 2, of the Supreme Court, to compel the transfer of the case to court en banc. Application will be made by Duestrow's attorneys to Governor Stephens for a respite for Duestrow until they can apply to the Supreme Court of the United States for a writ of error. Unless Gov. Stephens grants a respite Duestrow must hang next Tuesday.

FIRST WOMAN

To Venture Into the Wilds of the Far North.

Montreal, Feb. 12.—By the death of Gertrude Anastasia Contlee (Sister St. Joseph) at the Mother house of the Gray Nuns, St. Boniface Manitoba, the first woman to cross the line between the Lake Superior and Hudson Bay basin, has passed away. On April 26, 1844, she embarked at Lachine, near Montreal, in a bark canoe, and after two months reached the site on which Winnipeg is now built, founding there an establishment of her order.

ANOTHER PATRICIDE.

Willis Brock Kills His Father at Harlan.

Harlan, Feb. 12.—A tragedy occurred here yesterday which caused intense excitement in the vicinity of this town. Young Willis Brock, 17 years of age, desired to marry and asked permission of his father, Mr. Gilbert Brock, which was declined by the father in emphatic language, coupled with a disparaging remark about his son's sweetheart. This so enraged the young man that he seized an ax that was lying near and struck his father a terrible blow, killing him instantly. Young Brock made no attempt to escape and has been taken into custody.

FRIDAY, FEB. 12, 1897.

ONLY three weeks more of Democratic supremacy.

The gold reserve is now in excess of \$146,000,000 and the Bank of England discount rate has been reduced to 3 per cent, with a prospect of a further reduction to 2½ at an early day.

QUEEN VICTORIA, whose annual income is something like \$2,000,000, has given about \$2,500 to the fund for the relief of famine-stricken India. Truly great and wealthy people yield their alms with due prudence.

The Denver Press is howling against the confirmation of Lyman J. Gage as Secretary of the Treasury by the Senate. Why Colorado, which went about 5 to 1 for Bryan, should have anything to say as to the policy of the Treasury Department, does not appear.

SENATOR MORGAN'S yielding up of the fight for the Nicaraguan canal bill for this session leaves the bankruptcy bill in the front rank of unfinished business, before the United States Senate, and decidedly improves its chances of getting through this session.

Almost six per cent. of the veterans in the soldiers' homes died last year. Within a decade the survivors of the great conflict on both sides will have been reduced perhaps fifty per cent. The roll call grows daily shorter and the number of absentees will daily increase as the years roll by.

SENATOR TILLMAN, of South Carolina, has not received much encouragement for his bill to meet the objections of the Supreme Court to the South Carolina dispensary law, and it is probable the liquor selling State may have to go out of the saloon business and turn it over again to her citizens.

EIGHTEEN senators will retire on the fourth of March from the United States Senate. This will furnish opportunity for considerable change in complexion. Just what it will amount to cannot yet with certainty be declared. For instance, it is not absolutely certain there will be a Republican Senator from Kentucky.

The private secretary to Liliuokalani has been doing some talking. His language would lead one to believe he hopes for the restoration of the ex-queen, or at least some manner of intervention on the part of the United States. Let him and his ex-royal mistress dispossess themselves of any such delusive hope. The Republic of Hawaii will survive till the islands become a part of the United States of America.

The record made by General Alger as an army officer is shown by the war records to have been highly honorable and creditable, and the opposition to him is undoubtedly due to other motives than those disclosed. No man in the country has higher claims, on the President from considerations of ability, integrity and party service, than General Alger, and he will undoubtedly be confirmed by the Senate.

THE Bradley-Martin bill came and went just as if nothing had ever been said about it and the great newspapers made it a leading item of news, of course. Mrs. Martin has vindicated her contempt for the opinion of such men and women as place something else above the functions of high society and believe there is something better than display and pomp.

The executive order reducing the number of the pension agencies is severely criticised as an improper act

for the closing days of the administration. That President Cleveland should display so much anxiety to cut down Republican patronage just at the close of his administration, after having enormously extended the scope of the civil service law, thereby providing life places for his appointees by the thousand, seems, to use a homely but forcible expression, "haggish."

THE appropriation for the Agricultural Department was made the occasion for a severe drubbing to Secretary Morison, whose pedantic literature was raked mercilessly fore and aft, being exhibited in parts by Senator Vest and others to show its puerile and worthless character. It is remarkable that the severe criticisms of the secretary came exclusively from the Democratic side and that there was not a word of defense uttered during the discussion. Senator Vest and others finally withdrew their opposition to the bill after enunciation had been passed on the incoming Secretary of Agriculture and the bill was passed appropriating \$3,250,000 for the department.

The cut in steel rails resulting from the rupture of the steel combine, has brought the price down to \$17 per ton, the lowest price ever made in Pittsburgh. It is a price at which they can be made at a profit by few mills, and is \$11 below the December market. The reduction has caused the railroads to place orders liberally and the Carnegie company is said to have booked enough orders in twenty-four hours to keep its plant running for a year. It is probable that the reduction in price of the rails will render it necessary for many factories to cut the price of labor somewhat, but it is believed the increased business will compensate the loss. The Carnegie company, by reason of its connection with the Rockefeller's interests, is probably in position to make a lower price and still retain a margin of profit, than any other company in the United States. The Lake Superior mines, owned and controlled by the Rockefeller's, are among the largest in the world, and with their own fleet of steamers to convey the iron it will be handled very cheaply.

THERE has been a great deal of useless talk about the proposed schemes of the Illinois Central railroad that were to work injury to Paducah, and many people have recently from time to time been disposed to condemn the road management without a hearing. The Sun has repeatedly urged the people to slow in forming an opinion adverse to the railroad management, and taken the ground that the interests of Paducah were identified with those of the road too closely to admit of a policy on its part inimical to our prosperity. The Sun is glad to be in position to say that the developments of the near future will prove beyond a doubt that the Illinois Central people not only are not disposed to do anything to the injury of the city, as they themselves have repeatedly declared, but that they are disposed to do all they can to help the city forward. They will of course make no claim to a philanthropic turn of mind in that connection. What they do will not be done with the sole view of the advancement of the city. It will be done with a view to a reasonable return upon the investment made. But it will all the same redound to the immense advantage of the material interests of the city and will effectually give the lie to the rumors that have so frequently gained currency through the panicky imaginations of unthinking and unreasoning people, sometimes those in position to be better informed. Let us just wait a little and "see what we shall see."

Such articles as the "Register's" leader of this morning are calculated to foster a spirit of mob law and a disrespect for the powers that be. Their effect is altogether bad. The press should be the last to cultivate such a spirit, which is already far too prevalent in the state of Kentucky. It is not as the "Register" says, "just a little doubtful if the trial of Black was an improvement over the lynching method." There is not a shadow of doubt in the mind of any intelligent, law abiding man on the subject. It is doubtful whether it is well for several hundred citizens to become murderers when the law provides an adequate method of trial and punishment. And there is absolutely no ground for the strictures upon the court made by the "Register" and the Covington "Commonwealth," which is quoted approvingly. There was no necessity of a trial, the prisoner, after advice from his attorney, having pleaded guilty. It was proper that he should be given the limit of the law for his offense, and it was promptly done. But there is no ground for the charge of undue haste. Every day in criminal courts just such "trials" take place, and it is seldom more time is required or consumed on a plea of "guilty" than in this case. The strictures of these newspapers simply display their ignorance and evince an overbearing

ANNOUNCEMENT.

The Sun is authorized to announce I. D. WILCOX as a candidate for sheriff of McCracken county, subject to the action of the Democratic primary to be held April 8, 1897.

We are authorized to announce W. S. DICK as a candidate for assessor of McCracken county, subject to the action of the Democratic primary to be held April 8, 1897.

desire to array themselves on the side of the law breakers and murderers. So long as the press prostitutes its columns to the promulgation of sentiments derogatory of the law and hunts excuses for lawlessness, just so long will a healthy public sentiment be retarded.

THERE is a disposition on the part of the croakers to allege that the condition of the American people is declining as regards comfort and general advancement and they look back upon what they are pleased to call "the good old times" with a longing that is not justified by a consideration of the conditions as they actually existed and as compared with present conditions.

In a recent editorial the Globe-Democrat makes a comparison of the year 1867 with that of 1896 to the immense advantage of the latter. It will be remembered that the year 1867 was one of very dark times induced by the immense disbursements of money made by the government in settling up the war claims paying off discharged soldiers, etc. The calamity howlers are much given to talk about the per capita circulation, per capita tax, per capita wealth, et cetera.

Taking the figures from the nineteenth annual abstract of the bureau of statistics, which has just been issued by the government, it is shown in the year 1867 the per capita was \$20.11; in 1896 it was \$32.86. The per capita of money in circulation in 1867 was \$18.28, one-half of it valued in gold at 72c on the dollar; in 1896 the per capita circulating was \$21.10, all valued at par in gold. The per capita of the national debt in 1867 was \$69.26; the year 1896 saw it reduced to \$12.41. Between the same years the per capita of interest on the debt declined from \$3.84 to 49c, and the annual national tax on each citizen from \$0.87 to \$4.94.

These figures should serve to convince any thinking person that if the year 1896 was not as good as 1867 the per capita circulation or per capita anything else had nothing to do with the showing. Continuing the comparison, it is shown that our population has about doubled since 1867, when the estimate was 36,211,000. Now it is 71,263,000. Each citizen now averages an annual expenditure of \$1.16 on the post office, against 42c in 1867. The average expenditure on public schools is 50 per cent. greater than in 1867. These two items show a positive advance in civilization. Imports are about the same per capita, though the volume has doubled. In thirty years duties on dutiable goods have declined from 46.67 per cent. to 40.18 per cent., and on all imports from 44.56 per cent. to 20.67 per cent. Exports are greater per head in the proportion of \$12.11 to \$7.73. The average American uses more than twice as much cotton as in 1867, two and a half times as much sugar, 60 per cent. more coffee, 20 per cent. more tea, and more wheat by one-fifth. About 40 per cent. less spirituous liquor is used by the average American, though the consumption of malt liquors has largely increased. So far from being cause for complaint of our present condition or our progress these figures show that we are making a wonderful progress in everything that tends to our elevation, intellectually, morally and materially, and that if times are not now as prosperous as then, or as we would like them to be, the trouble is not organic and permanent, but superficial and temporary, and that we have every reason to hope for a speedy improvement.

PENTECOSTAL MISSION.

Will Be Held Here By Rev. Collins, of Bardwell.

It Begins Saturday Week to Last For Some Time.

Another mission is to begin in Paducah a week from tomorrow. It is to be held in the building adjoining the Western Union Telegraph office on Broadway, near Second, by Rev. J. H. Collins, of Bardwell, and is to be called the Pentecostal Mission—a Wesleyan M. E. Mission in one sense of the word, but really non-sectarian.

Rev. Collins evidently means to hold forth for some time, as the building has been rented for three months. Dr. Bell's Pine Tar Honey cures coughs for young and old. Most cough medicines simply help you cough. Dr. Bell's Pine Tar Honey helps you not to cough. See the difference? Would you like to try it? It is particularly valuable for those who can not stand the strain of coughing. Ask your druggist for it. Take no substitute. There is nothing as good as Dr. Bell's Pine Tar Honey. Good druggists sell it. For sale by Ochsenschlager & Walker, druggists, corner Fifth and Broadway.

We Are Clearing the Way

For the incoming tide of Spring Goods by taking the loss on what is here. There is much in our stock just as desirable as those to come.

Hosiery.

3 pairs for half a dollar.
They are our 25c quality, fast black with white feet. They are such good values that we were tempted to buy a large lot of them. Never occurred to us that we might get too much of a good thing. We know now that we have too many. We offer them for this week.

3 pairs for half a dollar.
There is also a whole medley of Hosiery in our stock—fancies and solid colors, in cotton, silk and silk. Prices range from 10c to \$2.50 per pair. A special value is our 10c numbers in either plain or fleeced.

Umbrellas

This is the weather we are to expect for some time to come. A good umbrella just now is the sensible sort of protection that reduces doctor's bills and possibly saves life. We will sell a good umbrella, 26 in. size for 45c; 28 inch size at 49c.

Carpets

AND MATTINGS. It might seem exaggerated if we told but the simple truth about our Carpets, so will say nothing about rich styles, and confine ourselves to their goodness and their low prices. Your carpet should be selected with care and judgment, should be well made and laid. We want you to remember that we are prepared to make and lay carpets and mattings as well as can be done in any city and on short notice.

Embroideries.

Our embroideries are bought from first hands. We get the best and secure exclusive many choice patterns. All women are embroidery critics. Our stock invites scrutiny and criticism. A rich variety of edgings and insertings in Cambric, Nainsook and Swiss. Prices range from 50c to \$1.

ACCIDENT COLUMN.

Young Lady Has Her Fingers Crushed.

Dallied With a Cider Mill—Other Mishaps and Injuries.

Miss Ruth Brewer, aged 14 daughter of Mr. Mack Brewer, who resides out on the Blandville road, four miles from the city, was a victim of a severe accident yesterday afternoon. She and several companions were out playing with a cider mill near the house when the girl's left hand was caught and crushed in the machine. The third finger was crushed entirely off, and another was badly mashed. The victim fainted and suffered great pain until Dr. T. E. White arrived and dressed the injury.

Mr. Elliott Mitchell, foreman at the Standard Oil State Factory at Stiles, had a piece of steel fly into his eye yesterday, and for awhile he suffered considerable pain.

Will Green, a colored employe at Kilgore's Heading Factory, had his leg badly crushed yesterday by some lumber. Dr. Troutman dressed the injury.

Mrs. Mitty, who was injured day before yesterday at her home on Jefferson street by falling down a flight of stairs, is better. A limb was broken.

Loton Plumlee, an employe at Reikopf's collar factory, had his left hand painfully cut yesterday, and as a result is not working at present.

James McCage, of Rossington, who was injured by the sawmill explosion at that place last spring, and who had one lung taken out at the Boy-White Infirmary, was out today for the first time since the operation. A rivet head and several fragments of iron and clothing were found in his chest. He had a tight squeeze, but is rapidly recovering.

PROBABLE CANDIDATES.

Fiscal Court to Elect a County Judge.

All the Magistrates are Said to Be After the Place.

The successor of the late County Judge C. H. Thomas will be elected by the board of county magistrates within twenty days after the officer's death.

It is said that all the magistrates would be pleased to secure the place, and it is reasonable to suppose that the next county judge will be selected from the board.

Justice Winchester, by virtue of his having always acted as special county judge, will likely secure the place without much trouble, at least it is the general impression that in recognition of his services. There may be other inside candidates, but Justice Winchester and Tully will be the most conspicuous candidates.

Mr. Will Rogers, formerly in Supt. Morgan's office here, but now of Louisville, is visiting friends here.

Manager Ed Overstreet, of the Postal Telegraph Co., left at noon for Oxford, Miss., to accompany his wife home, who has been visiting there.

The Valentine social to be given by the Pastor's Aid Society of the First Baptist church will take place on Monday night at the residence of Mrs. Beadles, on North Fifth.

Mrs. Hele Rubel last night presented her husband with a fine girl baby. Mr. and Mrs. Rubel reside with the latter's parents, Mr. and Mrs. S. Fels on Jefferson street.

Miss Stella Telsenthal, of Jackson, Tenn., returned home this afternoon after a visit to Mrs. Joe Wasserman. Miss Telsenthal is a beautiful and accomplished young lady, and made many friends and admirers who regret to have her leave.

It is said that Mr. Edwin S. Smedley, formerly of the city, who died a few days ago at his home in Little Rock, Ark., died of grief over the death of his wife, which occurred six weeks ago. He was a brother of the late Capt. John Smedley, and of Mrs. Mary Culley and Mrs. Lucy Davis, of the city.

THE PASSING FLOES.

Ice Gets Very Heavy In the River.

The Gorg. Below Evansville Burst This Morning.

The river was a seething mass of ice and drift to-day. The huge cakes piled up on one another and crunched and cracked and many of them went to the bottom. The ice was much heavier than yesterday, but the heavy ice has not yet gotten this far down.

The Illinois Central inclines, here and at Brooklyn, Ill., formed nuclei for hundreds of the large cakes, and the transfer steamer Osborn could not land at either incline. When she attempted to cross last night she had to go down stream and gradually leave to, in order to prevent her rudder being swept away. The St. Louis trains could neither come nor go, and the cakes seemed to grow larger and larger as the day advanced.

The ferry boat and Cowling, however, made their regular trips today, despite the heavy floes.

About noon the ice began to thin out again and the floes to grow smaller. The transfer boat was able to effect a landing, and took the St. Louis train out at noon.

EARLY ELECTION

Of Salutatorian and Valedictorian by the Graduates.

Held Yesterday Afternoon at Longfellow Building—These Honored.

The graduating class of the Paducah public schools met yesterday afternoon and elected salutatorian and valedictorian for the June commencement.

Mr. George Bailey was elected as salutatorian, and Miss Bertie Graves will bear the honors as valedictorian. The presentation of the spade will be made by Miss Fannie Grigsby.

The election of members to fill these two places was held two months or more earlier this year than usual, because the class desires it, those who were to be honored with the opportunities will of course desire some preparation, and many of those who will recite or read essays want to take education.

The graduating class this year consists of eighteen, including the young men, two in number. Miss Ida Niehaus, who would have graduated, had gone away for her health.

UNLUCKY AGENT.

Gets into Trouble In Mayfield, Kentucky.

O'Callaghan is Wanted Pretty Bad Now.

John O'Callaghan, the Dore picture agent who sold several sets of books here, went down to Mayfield and practiced the same fraud.

He carried with him from here a boy named Richey, whose mother has been greatly distressed all day. O'Callaghan sold Mrs. J. H. Boswell some books and secured her signature to a note for \$35 instead of \$9, what he claimed was the cost of the books. This morning Marshal McCurt, accompanied by Mr. Boswell, went to Fulton after the picture agent, but it is thought O'Callaghan eluded them and came to Paducah. If so he will be caught. The boy is expected back tonight on the cannon ball.

USED A GUN.

Another Shooting Affray at Stiles.

Henry Overalls Gets Shot at—Will Hart Does the Shooting.

There was another shooting scrape at Stiles day before yesterday. Two darkies, Will Hart and Henry Overalls, employed at the Standard Oil S'ave factory, had an altercation, and the latter struck Hart with a pine stick. Hart drew a pistol and fired, but whether he struck Overalls or not is unknown. An employe of the company stated to a Sun reporter last night that the man was slain in the right shoulder. Mr. Tichenor, the company's bookkeeper, said this morning that the cartridge fired was blank, and that Overalls was not struck. There was no little excitement over the shooting.

AXES TO GRIND.

Harry McAfee Has Brand New Ones.

Harry McAfee, colored, entered a second-hand store on Second street this morning and attempted to dispose of four new axes, that had never been unwrapped.

Marshal Collins was notified and placed McAfee under arrest. He said a white man had given them to him to sell for whatever he could get and was locked up. The owner of the axes is unknown.

JUSTICE MOVES QUICKLY.

A Rockcastle County Man Sentenced 24 Hours After the Crime was Committed.

Mt. Vernon, Feb. 12.—Rockcastle county circuit court claims the horns for the quickest justice on record in the state.

Tilford Mize, a young white man, attempted an assault on Miss Nannie Poynter on Wednesday afternoon. He was captured about 10 o'clock that night, lodged in jail about 3 o'clock, indicted next morning, pleaded guilty before the court and received a sentence of two years in the penitentiary before the hour of the attempted assault.

Jackson and Walling Must Hang, Frankfort, Feb. 12.—It now seems an absolute certainty that Jackson and Walling, the convicted murderers of Pearl Bryan, must hang. Governor Bradley says he will not interfere and that the law must take its course. The date of execution will be fixed shortly.

Tooth Drawn Without Pain

Is one of our specialties. Although this is by no means our best. After years of experimenting by eminent specialists a process has been perfected so that

Tooth Filled Without Pain

Has become one of the wonders of the century. This new process, called Cataphorisis enables us to fill the most sensitive teeth with absolutely no pain or danger to either tooth or patient. Give us a trial and be convinced. Telephone 330 for engagements. DR. C. E. WHITESIDES, Over Lang's Drug Store.
